**University of North Carolina at Charlotte**, Charlotte, NC May 2026  
Masters of Science in Computer Science | Concentration: Data Science  
**Pacific Institute of Higher Education and Research University**, Udaipur, India - 8.02 CGPA May 2024  
Bachelor of Technology in Computer Science and Engineering

---

## SKILLS:

**Technical Skills:** Python, SQL, Power BI, Tableau, Data Visualization, Predictive Modeling  
**AI Tools:** n8n, Zapier, Cursor, Google Cloud MCP Servers  
**Soft Skills:** Leadership, Problem-Solving, Adaptability, Business Communication, Team Collaboration

---

## WORK EXPERIENCE:

### Content Analyst

Internet Removals, Brisbane, Australia Nov 2022 - June 2024

- Built **data pipelines using Python** and automated data extraction techniques, enhancing security and operational efficiency across platforms.
- Performed comprehensive needs analysis to address client concerns related to online content leaks, ensuring data integrity and client satisfaction. Achieved a content removal success rate of **99.29% on Google** and **83.45% on websites**.
- Developed automated scripts to flag policy-violating content across platforms, **reducing manual review time by 60%**.

### MIS Analyst

Prayaas Digitech India Pvt. Ltd., Hyderabad, India June 2023 - Dec 2023

- Designed and implemented automation to streamline data segregation, reducing manual processing time by 75% and enabling efficient analysis.
- Created **automated Excel and Google Sheets reports**, reducing manual processing from hours to minutes and providing critical business insights for project leadership.
- Ensured accurate reporting for financial review and regulatory compliance.

---

## COURSE PROJECTS:

### Charlotte's Workforce & Housing Story: Trends & Insights ([Tableau Dashboard](#)) March 2025

- Created an interactive Tableau dashboard as part of a classroom competition focused on visualizing employment, housing, and livability metrics in Charlotte. The project integrates geospatial maps and scatter plots to analyze trends in job access, education, income, crime rates, and housing affordability.

### 3MT Participation & Finalists Dashboard (2019–2025) ([Tableau Dashboard](#))

- Built an interactive Tableau dashboard analyzing UNC Charlotte's 3MT participation and finalist data (2019–2025), visualizing college engagement, degree-level trends, and year-over-year growth. Delivered insights that informed targeted marketing strategies to expand participation in future university-wide competitions.
- 

## STUDENT INVOLVEMENT:

**Center For Graduate Life & Learning** - University of North Carolina at Charlotte Sept 2024  
*Global Niner (Face of CGLL)*

- Automated 90% of GLA tasks** (emailing, reporting, rewards) with n8n/Apps Script; standardized templates and eliminated manual errors.
- Analyzed 3MT data** end-to-end and built a dashboard to rank candidates, expose scoring patterns, and support fair selections.
